Sneaky in that he returns to dirt where he has arguably run his best races. I don't think he matches up class wise and will need a very fast pace to run into. Fast enough but needs to find more late if he wants to win here. Four races vs. winners have found him wanting at the end. 5	SOROS J: CASTELLANO J J T: MCCARTHY MICHAEL W	6	6	371	C	92-86											: : :	
This one is a bit of a wild card. His win actually came in The Smooth Air Stakes run in Nov 2019. Last seen finishing a fading 6th in The Unbridled Stakes at GP 371 days ago. Has been gelded since that effort. Working forwardly here for this return and McCarthy is solid with extended layoffs and shippers. Include. ♦OptixFIGs fit todays OptixFIG range ▶PLOT above average v. race and track profile ▶Track Surface Distance Specialist ▶Peaked in current Form Cycle? ▶Jockey fits horse

TOSS Can be confidently eliminated from all vertical and horizontal pools Maiden claimer last out winner looks out of place. Nothing to suggest he can compete at this level but we've said this before about Lukas and then the tote board says \$128.40 when the race is finished. ★Well Below Average on Class ★OptixFIGs well below comparatively ★PLOT position well below on race and track profile ▶Terrible Record Track/Surface/Distance ▶Peaked in current Form Cycle? ♦Surprise Jockey Choice ▶Barn Good with a particular or sneaky angle (e.g. first-time starters)

Too many "firsts" for a positive recommendation. Trying dirt, route, and winners first time.
