LEGIT Favorite is legitimate; do not play against (most likely winner, top-2, and top-3 finisher)
Appears set to pass the 1x condition today. Last 3 at GP are better than any of these have run with the possible exception of POP A CHOC's SAR/BEL outings last summer.

Hard to get a read here. Ran 3 races last summer that would stamp her as a contender but her 2 starts this year have been substandard to say the least. Last out 2nd may have been a prep, and the 3rd place finisher came back to win, but that race was was a step below today's level. Leaning against.
